IN DEMOCRATIC PRIMARY

Fob James Wins Governor's Race

Opelika businessman Fob James has won the Democratic nomination for governor and according to experts will have little trouble winning the November election against Republican Gov. Hunt. James defeated Attorney General Baxley Tuesday in the runoff after leading the ticket on September 5. Returns were tabulated earlier in the runoff than in the first primary and Baxley conceded at 6:30 Tuesday night, while James was more reserved and waited until after tea to acknowledge he had won the nomination. Coffee County voters gave James 58.4% of the vote this week after voting him over 70% of the total vote in the first voting that selected the candidates for the runoff.

Fellow Auburn graduate George McMillan, a Birmingham lawyer and member of the Alabama Legislature, won the race for Lt. Governor. He earned his law degree in Virginia after first getting a BS degree at Auburn where his father was an employee of the extension service. McMillan defeated fellow State Senator Bert Bank in what was probably the closest of the statewide races. Both men worked hard for the election, neither dipped to the level of any of the other candidates to die up mud to sling at the opponent. McMillan also carried Coffee County and carried it with a 56% vote.

Coffee County voters also voted with a majority of Alabama voters on the two U. S. Senate races, supporting Don Stewart and Howell Heflin. Stewart overcame a large lead to defeat the widow of the late Jim Allen while Heflin withstood a strong bid by Representative Walter Flyer to win by a heavy margin. Heflin polled 70% of the vote while Flyer while Stewart won by about 56% locally. Both face strong Republican opposition in November.

Mobile District Attorney Charles Graddick claimed the jailhouse door closed enough to lock up the Attorney General as well as the state. He polled over 70% of the Coffee County votes on his way to winning the nomination over State Senator Joe Fine who barely squeaked into a runoff by a few thousand votes.

Firemen from Elba, New Brockton and Enterprise responded to a fire Wednesday morning that destroyed the home of Mr. and Mrs. Diane Kellner on Smith Avenue. The blaze started in the kitchen and spread to the living room. Firemen arrived within minutes and had the fire under control by 10:30 p.m. The cause of the fire is still under investigation.

In the above firemen and by-passers are shown fighting the blaze that seemed to defy all efforts for a long time, when actually the fire was inside the walls and was being fed from flames in a inside room where firemen had trouble getting water to the roof of the blaze and it broke completely through the roof and they were able to pour water in from the top.

Investigations were on the scene shortly after the blaze was extinguished but had determined no cause for the fire at press time. They initially indicated it began in an area near the kitchen and was being fed from flames in a inside room where firemen had trouble getting water to the roof of the blaze and it broke completely through the roof and they were able to pour water in from the top.

The light is dawning on a new decade in American history and now is a good time to take a careful look at your medicine cabinet. Throw away those old partially-filled bottles of medicine just in case you should have that particular ailment again. Old medicine should be discarded. There is always the element of chance that a child, or perhaps some other adult member of your family, might accidentally take some of the medicine with harmful side effects. Medicine is prescribed for one individual, and is not something to be passed around. See your family physician if you think that you need medication. Only he is qualified to prescribe. And, only trained pharmacists are qualified to fill these prescriptions. Our pharmacists use the utmost precaution when filling your prescriptions. Your health is our primary concern. Drop by anytime. You don't have to have a prescription to browse around.

The light is dawning on a new decade in American history and now is a good time to take a careful look at your medicine cabinet. Throw away those old partially-filled bottles of medicine just in case you should have that particular ailment again. Old medicine should be discarded. There is always the element of chance that a child, or perhaps some other adult member of your family, might accidentally take some of the medicine with harmful side effects. Medicine is prescribed for one individual, and is not something to be passed around. See your family physician if you think that you need medication. Only he is qualified to prescribe. And, only trained pharmacists are qualified to fill these prescriptions. Our pharmacists use the utmost precaution when filling your prescriptions. Your health is our primary concern. Drop by anytime. You don't have to have a prescription to browse around.

LIA LOWERY

Well, the 'ole Z.C. Rebels are rolling right along. Not only is the football team doing well but some of the students are too. If your grades aren't up to what they should be, you have just a few more weeks to bring them up. So you had better get on the ball. Speaking of ball, have you been going and cheering for the Rebels at the games? If you haven't, you've been missing a treat. Not only do you get to see the football players but also you get to hear cute cheers, see good pyramids, sit with all your friends, and watch the talented (and cute) coaches at work. The Z.C. Rebels really need you up there in the stands to help push them across the goal line. So if you are a Rebel and you are proud of it, come to the games and show it. Hope to see you at all the games.

News From The Little Rebels

The First Grade at the Zion Chapel Elementary School is having a good time getting acquainted with school and with each other. There are 34 people in the class. Most of the students were in Kindergarten together, but there are

a few new faces. Students are working hard on sounds because they are eager to learn to read. This week first grade will choose Little Mr. and Little Miss ZCHS by voting for their favorite boy and girl in the first grade. On October 6th,

the winners will be presented at Homecoming. School pictures were made this week, and the pictures will be in the annual. Everyday is a busy day

Rebel Staff Organized

The REBEL 79 is organized and the work has begun on the yearbook which will be ordered around the last of April. The fall is always a busy time for yearbook staffs because of the many activities going on at this time.

REBEL 79 will cost \$10.00 this year and will go on sale the first of November. It will feature such things as the Homecoming Queen and her court, Campus Beauty, Elementary Beauty, and all kinds of sports.

I UNDERSTOOD

Remember when you told me you had to go with your parents even if we had planned a big weekend.

I understood.

Remember all the times you and I were around your friends and those small stories you made into novels.

I understood.

How about all the times you have made me look so dumb when you know all about everything.

I understood.

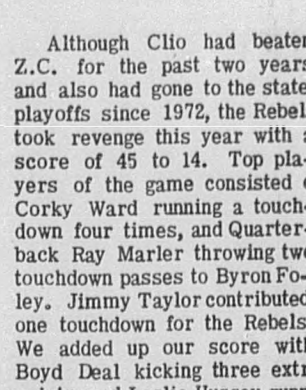

All the times you told me you cared and the silent moments we just sat and thought

I understood.

Now you are trying to tell me that you cannot love me because you have too much to do in your future. I don't understand.

ZC Rebels Take Sting Out Of Yellowjackets

LONG HIGH PAM GATLIN

Although Clio had beaten Z.C. for the past two years and also had gone to the state playoffs since 1976, the Rebels took revenge this year with a score of 45 to 14. Top players of the game consisted of Corky Ward running a touchdown four times, and Quarterback Ray Marler throwing two touchdowns passes to Byron Foley. Jimmy Taylor contributed one touchdown for the Rebels. We added up our scores with Boyd Deal kicking three extra points and Leslie Hussey running an extra point also. Alan Smith made an exceptional play when he intercepted and ran 99 yards to be stopped on the 2-yard line. All this good playing was directed by the Captains Corky Ward, Ray Marler, Wendell McWaters, and Tony Calhoun. This victory has got the Rebels all riled up for G.W. Long which will be held at Zion Chapel.

YES WE CAN

...help you beat the high cost of building a new home.

For over three decades, Jim Walter has been building and financing homes that families of all walks of life can afford. NOTHING HAS CHANGED! If you own property, we can still custom build a home for you for less than "average" prices being reported in newspapers, on television and radio. YES WE CAN! It's true!

We'll also show you that, by doing some or all of your own inside finishing work, you can save more. Men's know. Jim Walter will custom build your new home to almost any stage... from the "shell" up to 80% complete. We'll finish the entire in every detail. On the inside, you tell us where to stop... then take over and finish the rest. Do as much as you like... but the more inside work you do for yourself the more money you'll save. Jim Walter offers INSTANT mortgage financing to qualified property owners and you'll know exactly what your monthly mortgage payment will be before construction begins. YES WE CAN! Even though new home prices continue to spiral upward, Jim Walter can help you beat the high cost of building. Let us show you how today!

Homes built on your property to any stage of completion from the shell to 90% finished.

Emergency Farms Loans Available Through FmHA

A new Economic Emergency loan service for farmers (or farmers and ranchers) who have financial problems caused by credit shortage or cost-price squeeze is now in effect through the U.S. Farmers Home Administration (FmHA).

Under the new Economic Emergency program, any established farm operator -- individual, partnership, corporation or cooperative -- experiencing scarce credit or an overload of debt coming due, may apply for up to \$400,000 of credit through FmHA in order to survive in farming and continue their normal level of operation. Economic Emergency loans will not be made to expand a farm operation. Loans made directly by FmHA will be at an interest rate equivalent to the cost of money secured by the government through sale of its securities to the public, plus an administrative add-on of up to one percent. The rate initially will be 1 1/2 percent. Guaranteed loans will be made at rates negotiated between borrower and lender, with FmHA providing the lender up to a 50 percent guarantee against loss.

Loans for operating purposes will be made for terms of up to 7 years, with loan consolidation through natural disaster, or the guarantee of private lenders' loans to livestock producers affected by economical conditions.

Ray said initial inquiries about Economic Emergency loans can be made either through a commercial agricultural lender or the county FmHA office serving the county where the farm is located. The Act calls for decisions by FmHA on individual applications within 30 days.

While introducing the new Economic Emergency farm loan, FmHA will continue all pre-existing services. They include various programs of non-emergency real estate and production loans to family-size farms, terms of which will be broadened under the recent Credit Act; emergency loans to farms damaged by natural disaster, or loans or grants for housing, community facilities and business and industry in rural areas.

The course teaches students to diagnose troubles in automobiles, replace parts found to be worn, and repair parts that are worn, but repairable, service automobiles, greases, change oil, and do preventive maintenance. Jobs in this field are unlimited. Many jobs today require mechanical knowledge and ability.

The season for the common cold and other minor respiratory ailments is up on us again. This is the time to make sure that your medicine cabinet is properly stocked and that you have the necessary sick room aids. An excellent device for making a respiratory illness more bearable is a vaporizer.

A vaporizer is simply a moisture-producing machine which will do much to make breathing easier in a heated house. The heat dries the moisture out in the home and the vaporizer returns this moisture to the air. It is a known fact that breathing is easier when the moisture content of the air remains high. Our pharmaceutical vaporizers and other sick room supplies. Rely on our store for all your health and beauty needs. We have complete supplies for your medicine cabinet. You can always be sure that the prescriptions your doctor prescribes will be accurately filled at our store.

PREPARE NOW - Cattleman hope that cattle prices stay up for at least as long as depressed prices have experienced. However, it is almost an assurance that lean years will come, so renovation and improvement of pastures now will pay dividends when money for fertilizers and lime may not be easy to find in the markets.

The cheapest source of nitrogen available to farmers today is from the atmosphere. The legume is one of nature's manufacturer of nitrogen in the soil. Millions of tons of nitrogen are available in the air for the taking. If farmers would take advantage of this resource, the most common characters and choice depends on soil type, intensity of grazing, wetness and many other factors.

COFFEE CONSERVATION

BY: Bill Hughes, Soil Conservation Service

It is a beautiful thing to see cooperation among the farmers in bringing the peanut harvest in. New Home is a beautiful example. Fred Stinson, Lee Miller, Randy McCollough, Roger Howell, Junior McCollough, Jeff Addison, and Doc Barley are pooling resources to help each other get the peanuts into the dryers and to the market.

A lot of our smaller farmers cannot afford on a small acreage to buy and maintain harvesting equipment. So it is good that people can work together for mutual benefit.

Vietla Bailey being presented Lady Conservationalist of the Year Award by Marion Sanders at the Wiregrass Soil and Water Conservation District Meeting.

Wiregrass Lady Conservationalist of the Year is Vietla Bailey. Mrs. Bailey manages all operations on the 180-acre Miron Farm in the Curtis and Brooklyn Communities of Coffee County. She is a good conservationalist and takes pride in maintaining her land for future generations.

Mrs. Bailey, known as the "Boss Lady" to people around Curtis, has applied conservation practices almost every year since she began farming 20 years ago. The majority of her land is adequately treated, and she has been a cooperator with the Coffee County Soil and Water Conservation District since 1961. She states, "I study all my plans to determine which conservation measures need to be applied. If I don't fix it as I go along, it will all be washed away."

During the past 10 years, she has applied over 40,000 feet of terraces, 15 acres of grassed waterways, planted approximately 150 trees of marginal cropland to grassland, and installed gully control structures over 20 acres of critical areas on her various farms. She refers to conservation in this way, "If people do not keep their farms up each year by maintaining and building conservation structures, they are just asking for trouble!"

SCHULER TRANSFERRED TO KENTUCKY

Beth Schuler, Soil Conservationist in the New Brockton Field Office, has been transferred to the Denton Field Office in Western Kentucky as of Sept. 25, 1978. She has been in Coffee County since January, 1978, receiving training in planning and application of conservation practices.

A native of Sandusky, Ohio, Schuler is a graduate of Murray State University where she received the BS and MS degrees in Animal Husbandry, Agronomy and Soils. She has been with the Soil Conservation Service since May 1977. She previously served as a Soil Scientist in the St. Clair County Soil Survey Office in North Alabama.

In New Brockton, Schuler assisted the District Conservationist and technicians in the application of conservation measures and landowners in the planning of land uses. She has contributed much to the field office, and her assistance and knowledge will be missed, but her new-found skills can be applied to her work in Kentucky.

FDIC

The sign on the counter at your bank telling you that your deposit is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$40,000 is very important to you. The next time you are in the bank, look for this sign. Bank failures are not too common, but they do happen. In fact, only recently several banks here in Alabama have closed. Most depositors will not lose any of their money because their deposits were insured by FDIC.

Ninety-five percent of all banks carry FDIC insurance on deposits. All banks with "National" in their name are under federal charter and are required to protect the consumers' deposits up to \$40,000. Other banks are chartered by the state, and may or may not be insured.

SPORTS

Views From The Pressbox

By Ricki Mulars, Sports Editor

In the next couple of weeks we'll find out just what the Elba Tigers are made of. It's easy to talk about team spirit and school pride when you're winning, but when you're losing, the talk is many times just that - talk.

It's true that a high school team is made up of young men, but no one makes a boy go out for ball, and no excuses can be made when things are going bad. I still think Elba is better than Opp and Dale County, and I think we'll come back. But, that's just "talk" and it's up to the players to regroup and show their pride, or - quit!

I think they'll come back.

I was saddened over the weekend by the tragic deaths of two sports figures - one a national figure and one a virtual unknown.

The national hero was, of course, Lyman Bostock. Bostock was in the wrong place at the wrong time and was killed while riding in a car with his uncle. Bostock was a young man born in Birmingham who developed a skill on the baseball field and who turned dreams into reality. Bostock, only 27, was one of the highest paid athletes in the history of sports, but never let it change his values. At the start of this season he got in a terrible hitting slump and refused to accept his salary (\$40,000 a month) because he said he didn't earn it. The world of sports will miss a man with the values of Lyman Bostock.

Way back in Sunday's paper, on page 8 of the sports section, I read where Allison Susan MacAtee, of Montgomery, had been killed in a car wreck in Colorado. Miss MacAtee, only 18, was a tennis star at Jeff Davis High School, and was in Colorado on a scholarship. The young lady had a bright future, but now her life has ended in a nightmare. Death is always tragic, but when it occurs to people who are a credit to everyone, it is especially sad. May God bless these people.

The local football scene had a different look last week as a few surprises occurred.

Brantley's 32-game losing streak was snapped by Luerne, and Geneva's losing streak was stopped as the Panthers whipped Daleville.

Back to normal, Andalusia and Opp both won, Troy lost as usual, and I again missed my pick on 21st. Chapel.

This week there are a lot of big games and there will be something new - Troy won't lose (they don't play)!

Ye Ole Polish Propagandist has now junked both his crystal balls and has decided to do his own pickin'. Here goes.....

ELBA - GREENVILLE
Elba's defense hasn't exactly set the world on fire in recent weeks, but then neither has Greenville's. It should be a wild one!
Elba 28 - Greenville 26

ARTON - ZION CHAPEL
A playoff berth goes to the winner and both teams will fight for a win. Somebody told me the Rebs can't beat Artion in Artion, and I'll go with the home field advantage!
Artion 14 - Zion Chapel 7

BRANTLEY - GOSHEN
The Bulldogs have a good Class A team, but they're not that tough among the 2A ranks. It could be the Dogs' second straight loss!
Goshen 19 - Brantley 6

NEW BROCKTON - CONEUCH COUNTY
It's Homecoming and the Gamecocks will have their spurs sharpened. New Brockton lost to Coneuch County last year, but this year it will be a different story!
New Brockton 14 - Coneuch County 0

OTHER PREDICTIONS
Louisville 18 - Clayton 12
Houston County 20 - Coffee Springs 16
Luerne 14 - Highland Home 6
Wicksburg 23 - Long 12
Catholic 15 - Ft. Deposit 6
Region 24 - Southern Normal 0
Jeff Davis 10 - Lanier 3
Opp 17 - W.S. Neal 7
Eufaula 14 - Ozark 13
Andalusia 42 - Demopolis 20
Geneva 18 - Samson 14
Dale County 30 - Hartford 16
Florida 12 - Straughn 0
Rehobeth 24 - Cottonwood 8
Chavala 19 - Abbeville 7
Cllo 24 - Kinston 22

Elba Junior Tigers Clip

Brundidge 12-6

The Elba Junior High Tigers evened their record at 1-1 last week by defeating the Brundidge Junior High Bulldogs 12-6 in an exciting double-overtime game.

The two squads battled through a scoreless first half and the score remained tied at 0-0 until 4 minutes left in the game when the home-standing Bulldogs scored to go ahead 6-0. Elba hobbled the ensuing kick and appeared headed for loss No. 2, but the Tiger defense held and when Ken Yelverton intercepted a Brundidge pass, Elba had one final chance. The

Tigers quickly drove upfield, and with 1:31 left, Andy Hardwick blasted over from two yards out to tie the game at 6-6.

Neither team scored in the initial overtime, but Elba claimed the win in the second overtime when quarterback Ken Yelverton lofted a 12-yard touchdown pass to Michael Smith on fourth down.

The Junior Tigers will be back in action tonight (Thursday) when they host Opp at 7:00 p.m. in Tiger Stadium. Opp defeated the Junior Tigers 14-6 earlier in the season.

Tigers Must Have "Team Effort" To Win Against Greenville

Two weeks ago the Elba Tigers had a perfect 3-0 record and were ranked fourth in the state. The Tigers now

have a 3-2 record and are attempting to regain their winning touch.

What's the difference in the team? According to Elba Coach Mack Wood, "We now realize after the last two

games that we must get after folks and stay after them. We must get back to playing team

Elba Continues To Dominate S.A.C. Football Statistics

The South Alabama Conference has released its football statistics for the week ending September 15 and the stats again are dominated by players from Elba High.

The leading ground-gainer in the conference is Elba's Dan Horstead with 610 yards in 61 carries for a 10-yard average per carry. Douglas Stouemire, of Opp ranks second with 492 yards in 64 carries followed by Andalusia's Joe Ball with 325 yards in only 14 carries. Elba's Jeff Stuart ranks fifth with 187 yards in 30 carries.

The top passer is still the section's top passer with 12 completions in 26 attempts for 255 yards and 1 touchdown. Opp's Jerry Hartwig follows with 11 completions in 28 attempts for 193 yards and 3 touchdowns.

Defense Shines As Rebels Blank Long 10-0

By Greg Brunson

The Zion Chapel Rebels took a big step toward a regional championship by defeating G.W. Long High of Skipperville this past Friday night. Right now it appears that the winner of the Zion Chapel - Arton game will get a berth to the state playoffs.

The Rebels took the opening kickoff and drove 64 yards for the first score of the game. Cory Ward gained 34 yards on 5 carries during this drive while Keith Costner supplied 25 yards on only 3 carries. Costner went the last nine yards for the touchdown. Boyd Deal added the conversion, so 16-0.

OUCH!!

Dale County 16
Elba 15

The Elba Tigers, once ranked fourth in the state among Class 3A schools, lost their second straight game last week as they fell to the vastly-improved Dale County Warriors 16-15, in Midland City. The loss dropped Elba's record to 3-2, while the win upset Dale County's slate to 3-1.

Elba won the toss and received the opening kick. The Tigers were stopped for no gain on their initial play and were then penalized on three consecutive plays, leaving them with a second down and 33 at the 4-yard line. Don Horstead got Elba out of trouble with a 28-yard run, and two plays later got what was to be the Tigers' only first down of the half on a 14-yard scamper. The Tigers appeared ready to drive, but lost a fumble at the Dale County 42-yard line to stop the march.

Dale County came out hustling and promptly marched 58 yards in 13 plays to go ahead 7-0. All the yardage was covered on running plays and the touchdown came on a 1-yard dive by Mike Smith. Alan Tidwell added the extra point to put the Warriors on top 7-0 with 4:39 left in the first quarter.

Elba couldn't move on its next possession, but punter Alan King got off a 64-yard boot that rolled dead on Dale County's 1-yard line. The Tiger defense then came up with a gem when defensive back Todd Westbrook picked off a Warrior pass at the 14 and returned it to the Dale County 5-yard line. On the Tigers' first play Don Horstead dribbled a lateral from Marty Marler and waited in untouched for a touchdown. Alan King's p.a.t. was good, and Elba had tied the score at 7-7 with 1:35 left in the first quarter.

Dale County marched to a first down and goal at the Elba 4-yard line late in the second quarter, but was stopped cold and came away without any points following a missed field goal attempt. At the half the score was tied 7-7.

Elba lost a fumble on its initial possession of the third quarter to stop a drive at the

Perry Fuller (37) hauls in touchdown pass from Alan King to bring the Tigers within three points at 16-13. Fuller's reception came with 26 seconds left in the game.

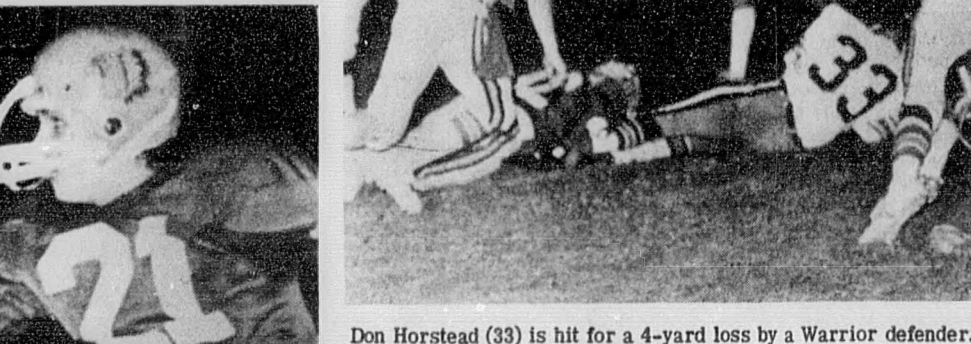

Greg Ellenburg (54) and Bobby Hall (84) combine to stop Dale County's Mike Smith (44). Smith rushed for 149 yards in the Warriors' upset win.
